February 2023 Monthly Webinar

Project Management Community of Practice
February 22, 2023

What is the Project Management Community of Practice?

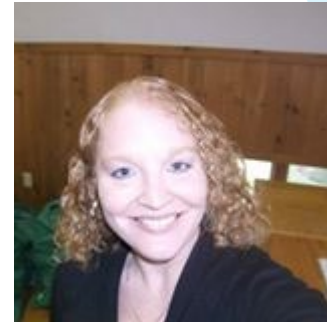

- This Community of Practice is for Project Management Professionals inside and outside of the SUNY community. We aim to create a space where project management professionals can share best practices, initiate discussions around project management concepts and learn more about project management and topics that affect project management.
- We look to foster discussion and sharing through the following:
 - Monthly webinars on PM topics and concepts
 - Discussion posts from moderators and members
 - Polls
 - Training opportunities for those in a PM centered position

February Monthly Webinar Speaker

- For our February 2023 Monthly Webinar, we will be watching a video together from one of our 3rd Party Vendor, [International Institute for Learning \(IIL\)](#) titled "It's All About the People: Don't Be a Soul-Sucking CEO –Be a Grateful/Servant Leader Instead!" presented by Garry Ridge and Judy Umlas and discussing its key takeaways and relevance to SUNY campuses. During our January 2023 webinar, we discussed the concept of Project Managers being a Servant Leader when approaching projects using an agile methodology.
- This session by WD-40 Company Chairman and CEO Garry Ridge will be a look “under the hood” of one of the world’s most recognized brands, where employee engagement is above 93%, 98% say they “love to work at WD-40 Company”, and 99% say that their “opinions and values are a good fit” for WD-40 Company. This high engagement has resulted in a company that has doubled in revenue in the last decade and is on a trajectory to double again in the next.
