

Committed to Diversity

SUNY CPD is committed to Creating a More Equitable SUNY

Our Core Value of Diversity is described below:

The CPD values diversity and we believe it makes us both stronger and smarter.

We respect, encourage, and embrace all aspects of human differences and value what each individual can bring to the team.

In support of the SUNY Strategic Plan, we "recognize the challenges of today and are re-committing our efforts to break down barriers, reform policies, and build a more diverse, inclusive, and equitable SUNY for all."

We are committed to creating a culture of Diversity within our organization that will resonate throughout SUNY in our programming and engagements with the communities we serve.

- Lisa Raposo, *Interim Director*

SPECTRUM is the nation's largest education conference devoted to preventing and responding to sexual and interpersonal violence against members of the LGBTQI+ community

SPECTRUM highlights efforts to create and access safe spaces and resources, action toward a more inclusive and accepting future, and the achievement of an environment where queer individuals of all colors, genders, and identities can thrive out loud instead of survive in silence.
