### Member Campus Engagements

Beginning this Spring, SUNY CPD staff have been visiting Member Campuses in an effort to enhance the understanding of the role of the CPD Campus Liaison, identify new training and professional development needs, and create awareness of the changes within our organization's structure. This past year, SUNY CPD has added program areas in both leadership and student success, and we have had great conversations about the professional development needs in these areas, while also learning about how current CPD programs and activities are communicated throughout campus communities.

Thank you to our [CPD Campus Liaisons](#) at the following campuses who have hosted us thus far: Binghamton University, Onondaga Community College, SUNY Brockport, SUNY Delhi, SUNY Oneonta, SUNY Cobleskill, Ulster Community College, Dutchess Community College, and SUNY New Paltz.

It has been our pleasure learning about how you are using your CPD membership and about the strategic priorities driving your efforts to better serve our students and communities.

Additional campus visits will take place over the Summer and into the Fall. We look forward to seeing you soon.
