April Monthly Webinar Speaker

For our April 2025 Monthly Webinar, we will be watching some videos on Imposter Syndrome and discussing the impact that it has on us and our project management careers/tasks.

Even after writing eleven books and winning several awards, Maya Angelou couldn't escape the doubt that she hadn't earned her accomplishments. This feeling of fraudulence is extremely common. Why can't so many of us shake feelings that our ideas and skills aren't worthy of others' attention? Elizabeth Cox describes the psychology behind the imposter syndrome, and what you can do to combat it.
