# October 2025 Monthly Webinar

Project Management Community of Practice  
October 23, 2025

# What is the Project Management Community of Practice?

- This Community of Practice is for Project Management Professionals inside and outside of the SUNY community. We aim to create a space where project management professionals can share best practices, initiate discussions around project management concepts and learn more about project management and topics that affect project management.
- We look to foster discussion and sharing through the following:
  - Monthly webinars on PM topics and concepts
  - Discussion posts from moderators and members
  - Polls
  - Training opportunities for those in a PM centered position

## October Monthly Webinar

Join us for an engaging roundtable discussion featuring project management professionals from four SUNY campuses as they share practical strategies for using Microsoft Planner and Teams to manage projects more effectively.

This session will spotlight real-life examples, creative workflows, and lessons learned—highlighting how these tools are being used to streamline collaboration, organize tasks, and keep projects on track across the SUNY system. Whether it's a clever Planner setup or a Teams channel that's improved communication, you'll walk away with actionable ideas you can apply in your own work.

The roundtable format will include time for Q&A, so bring your questions and join the conversation!
